It is better you can download the IE 8 with a crack. Because the UAC feature of windows vista is not that strong or not? Or should I say it is very strong. And the IE 8 is not easy to crack with Windows 7 UAC and other security features. You should use this crack in IE 8 and your IE 8 will be safe. And if you install IE 8 without crack your IE 8 will be locked in 24 hours by windows. you should use this crack in your IE 8 and 24 hours later your IE 8 will be free. Enjoy it. Open your web browser and make sure you are logged into your Google Account (you can close your web browser and then re-open it), then click here: If you see a message saying that there is an issue with your linked applications, then Google is aware of your issue. How to see how many applications you have linked to your Google Account, or how many of them are inactive: Google offers a refund for the number of linked apps and in-app purchases that are inactive. Refunds are paid as an issue credit on your Google Account at the IssueRefundAmount you request. If you have any un-redeemed vouchers, these may count towards your refund amount. We also recommend that you reply back to Google's email with your order ID to find out if the refund has been applied. * If you wish to contact us directly about the issue you have created, please use the following email address: Dealing with Inactive Applications
